

“Promoting and advancing the development of healthy, durable, and sustainable shelter for Alaskans and other circumpolar people.”

BECOME A MEMBER!

We would like to invite you to join us and become a member of the Cold Climate Housing Research Center, a private non-profit corporation that studies and promotes the best building science for northern communities. Members of CCHRC are part of an effort to develop cutting-edge building techniques and materials, test innovative energy and mechanical systems, analyze policies and programs, and improve the health and performance of our built environment. Your contribution allows us to expand our product development and testing, address public and industry needs, and push building science farther.

Members share in our projects and discoveries, help shape our future, and contribute to a more sustainable world. You receive quarterly reports, regular e-newsletters, and Web access to all of our breaking results and publications. You help guide the direction of CCHRC by attending our annual meetings and voting for our Board of Directors and By-Law changes and Amendments.

We offer several levels of membership, listed below.

Table with 3 columns: LEVEL OF MEMBERSHIP, ANNUAL CONTRIBUTION, MEMBER BENEFITS. Rows include Corporate, Foundation, Sustaining, Small Business, Individual, and Student (non-voting).

CCHRC is a private, non-profit 501(c)(3) corporation (92-0169929). Your membership may be tax deductible. Please contact your tax advisor for full information.
